AN APPEAL

The recent Hudhud Cyclone on 11/12th October, 2014 had devastated the campus of AU College of Engineering (A) causing heavy damage to the infrastructure developed diligently over decades. Laboratories, library, buildings including class rooms have fell miserably to the lethal winds not to think of wealth of green cover. Trees almost a century old are now reduced to mere timber. The storm rendered valuable equipment, tools, furniture useless. The entire campus has geared itself on a war-footing and lost no time to initiate massive re-construction work to restore academics and administration at the earliest.

In view of the above, we at the AUCE (A) under the stewardship of the Vice-Chancellor and the Principal earnestly appeal to the Alumni of AUCE (A) to donate generously in cash or kind and participate in the Reconstruction of AUCE (A) programme.

You may send your monetary contributions by way of Cheque or DD in favour of
“CYCLONE RELIEF FUND A/C, AU Engineering College (A)” ,

A/c No.1333 111 00000 362

IFSC Code: ANDB 0001333,

SWIFT Code: ANDB INBB

Andhra Bank, AUCE (A) Branch, Visakhapatnam -530003.

At this crucial hour of need AUCE (A) looks forward to your support...

Thanking you,

PRINCIPAL

To

Dr. Kuda Nageswara Rao, University Web Master with a request to place this appeal in the AU College of Engineering (A), Web page of Andhra University Website.
