SUBMISSION OF FULL PAPERS
Selected abstracts submitted in advance will be requested for full articles towards publishing the proceedings. The proceedings also will be brought with reviews / original articles from distinguished scientists.

IMPORTANT DATES
Abstracts submission: 18th March, 2015
Intimation of acceptance: 20th March, 2015
Seminar dates: 23rd - 24th March, 2015

REGISTRATION
Only spot registration.
Registration Fee: Rs. 300/-

ACCOMMODATION
Accommodation will be arranged on request outside the University campus. Due to limited accommodation at University premises, necessary arrangements will be made for advance enquires.

We are pleased to invite you to the two day National Seminar on “Frontiers in Modern Biochemistry- from Molecules to Diseases”, which is going to be held on 23rd and 24th March 2015 at the Department of Biochemistry, Andhra University, Visakhapatnam.

The Scientific Program will cover the widest possible range of topics regarding modern Biochemistry. The topics of the seminar will include: Glycobiology, Epigenetics, Endocrine Oncology, Cell Communication and Signaling, Structure and Function of Macromolecules, Molecular and Cellular Basis of Human Diseases. The Keynote lecture on the first day of the seminar will be delivered by Prof. N. Siva Kumar, Head, Department of Biochemistry, University of Hyderabad. Distinguished scientists from University of Hyderabad, National Institute for Animal Biotechnology and National Institute of Nutrition have been invited.

The main objective of the conference is to highlight the research efforts that are taking place in modern biochemistry. With the belief that the National Seminar on “Frontiers in Modern Biochemistry- from Molecules to Diseases” will become a suitable area for the exchange of scientific knowledge and the interaction between brains and younger colleagues. We look forward to your active participation to highlight the high level of scientific production in our University and the Country.

DEPARTMENT PROFILE
The Department of Biochemistry, Andhra University was established in the year 1971. It fosters research and developmental activities in major thrust areas like Molecular microbiology, Immunology, Protease inhibitors, bioactive compounds, Antimicrobial compounds and Plant tissue culture. The Department offers a two year M.Sc. course, M.Phil. and Ph.D. programmes in Biochemistry. Several research projects have been undertaken by the teaching faculty and a number of research papers have been published by teachers and research scholars of the department in National and International scientific journals. The Department has organized several symposia/conferences/seminars over the years. The Department of Biochemistry is responsible for the growth of two other emerging disciplines-M.Sc., Biotechnology and M.Sc. Microbiology in the University. Based on the performance of the department over the years, it has been recognized with financial assistance by DST- FIST and UGC- SAP.

SEMINAR VENUE
Andhra University (1921), a prominent seat of higher education in Andhra Pradesh is located in the city of Visakhapatnam which is a tranquil city and a major tourist attraction in Andhra Pradesh. It is situated on the East coast of India with an excellent stretch of beaches, lush green hills, pleasant coastal drive, hilltop parks, multi-cuisine restaurants on the beach front, Buddhist monuments on the coastal headlands and many more scenic locales. The weather in March is comfortable in the city with warm days (32°C) and pleasant nights (19°C). The city is well connected by air, road and rail to other parts of the country.

WHO CAN ATTEND
Academicians, Scientists, Research Scholars and PG Students from university, Research Institutes, Colleges and related Industry can participate.

CALL FOR ABSTRACTS
Original contributions of on-going completed unpublished research works are invited. The abstract should not exceed 200 words with the name of the presenting author indicated by underlining the name should be mailed. E-mailed abstracts in word format are acceptable. The abstract should give details of results and some scope for discussion to understand the work. Selected abstracts will be considered for oral presentations. Further correspondence will be through e-mail only to nsfmb2015@gmail.com

POSTERS
Posters shall be prepared not exceeding 1x1m in size. Best posters presented will be selected for suitable awards.
