CHAPTER-I

SCHOOL OF DISTANCE EDUCATION:
A BRIEF PROFILE

Distance Education is a well tried modern method of Education. Distance Education permits greater flexibility and it is learner centered.

The School of Distance Education, formerly School of Correspondence Courses of Andhra University was established on 1st July, 1972 with the objective of increasing the access of higher education to disadvantaged sections of the society. Initially B.A., and B.Com., courses were offered with the assistance of UGC. Liberalised admission into B.A/ B.Com., courses under open system was introduced in 1976.

The School has been offering 49 Courses in total which include certificate courses, under-graduate courses, Diploma courses, PG Diploma Courses, Professional Courses in engineering, management, law and computer science. It has 38 Study centers spread over across the state of Andhra Pradesh as well as at New Delhi.

The School of Distance Education is run by skilled teachers and educational administrators who always strive to reach high academic standards. A student who is enrolled into this School studies the same syllabi, and is awarded the same degree as in the case of regular students of this university.

The core academic staff of the School will carry on the academic activities with the help of the well experienced teachers in their respective fields, who are working in this University as well as in other Universities.

A student after admission into the School of Distance Education receives study material periodically in all the subjects, supplemented by weekend classes at various centres to facilitate interaction between the teachers and students. The School invites well experienced teachers to participate in these Week-end Classes besides our academic staff. During these programmes the teachers will give an extensive review of the subjects and clarify the doubts of the students.
