AN APPEAL

The recent Hudhud Cyclone on 11/12th October, 2014 had devastated the campus of AU College of Arts and Commerce causing heavy damage to the infrastructure developed diligently over decades. Library, buildings including class rooms have fallen miserably to the lethal winds not to think of wealth of green cover. Trees almost a century old are now reduced to mere timber. The storm rendered valuable equipment, tools, furniture useless. The entire campus has geared itself on a war footing and lost no time to initiate massive re-construction work to restore academics and administration at the earliest.

In view of the above, we at the AU COLLEGE OF ARTS AND COMMERCE under the stewardship of the Vice-Chancellor and the Principal earnestly appeal to the Alumni of AU AC COLLEGES to donate generously in cash or kind and participate in the Reconstruction of AU COLLEGES OF ARTS AND COMMERCE

You may send your monetary contributions by way of Cheque or DD in favour of “CYCLONE RELIEF FUND A/C, AU College of Arts and Commerce”,
