## ANDHRA UNIVERSITY

Presented by : Prof PVGD Prasad Reddy, Vice Chancellor

## ABOUT US

- Established in 1926 as a Multidisciplinary University.
- 7 constituent colleges, and a well-established School of Distance Education.
- ISO 9001:2015 certified Education.
- QS-IGUAGE has conferred Diamond Rating for three years till 2022.
- NAAC first cycle 88.26  
NAAC Second cycle, Grade A  
NAAC third Cycle, Grade A
- It has 58 departments and offers 122 programs. UGC HRD Centre on campus.
- 13 Research/Academic centers and an Advanced Analytical Lab which is recognized as a National Facility.
- AU is Committed to achieving excellence in teaching, research by imparting globally focused education. It has 305 affiliated colleges.

Abstract: This paper proposes a new control method for an AC-DC Buck converter which is utilized as a front-end converter of a 2-stage high power density adapter. It presents a theoretical analysis, a design consideration, and experimental results. In the conventional adapter applications, 2-stage configuration shows higher power transfer efficiency and higher power density than those of the single stage flyback converter. In the 2-stage AC-DC converter, the boost converter is widely used as a front-end converter. It provides continuous input current and power factor correction. However, an efficiency variation

**Sub: Allocation of I.U. South Zone UNIFEST for the Session 2023-24**

Dear Sir,

Greetings from AIU!

As you are aware, the Association of Indian Universities has been organizing the Youth Festivals/Programmes annually which are instrumental in bringing about cultural, emotional, and national integration through a process of cultural exchange amongst students from diverse regions and backgrounds. They are also a medium of inculcating in the younger generation a spirit of unity, fraternity, peace, and leadership qualities. A large number of university youth from the nationwide universities participate in the Youth Affair Programmes which play a significant role in promoting in our youth, a pride for Indian culture and an awareness of national identity.

AIU invited proposals from member universities for hosting various Youth Affair Festivals/Programmes of AIU. A large number of responses were received. We are pleased to inform you that, the AIU has allotted I.U. **South Zone UNIFEST** for the session 2023-24 to your esteemed university.

You are requested to send a set of two dates for 5 days event between **5<sup>th</sup> December 2023 to 15 February 2024** for hosting the event at your university. For further information you may kindly contact the undersigned at (email: [jointssecretaryyouthaffair@gmail.com](mailto:jointssecretaryyouthaffair@gmail.com), Mob. 08448871326).

With warm regards,

Yours Sincerely

(Baljit Singh Sekhon)

**READYING FOR FUTURE CHALLENGES**

**What the Union government says about 'Agnipath'**

► The Agnipath scheme has been designed to enable a youthful profile of the Armed Force	► It is envisaged that the average age profile of Indian Armed forces would come down by about 4-5 years by implementation of this scheme
► It will provide a fresh lease of 'Josh' and 'Jazba'	► Armed Forces will have a younger, fitter, and diverse profile for facing future challenges
► At the same time, it brings about a transformational shift towards a more tech savvy Armed Forces	► The availability of trained personnel will boost national security in times of external threats, internal threats, and natural disasters

Visakhapatnam: Andhra University has received a proposal to be associated with the Indian Navy to offer academic training to Agniveers. This is the first time for any Indian university to receive such a proposal related to Agniveers. For the uninitiated, the Union cabinet approved the Agnipath scheme in 2022, which allows the selected youth to serve in the Armed Forces for a period of four years.

As per the initial proposals, faculty from Andhra University will visit the Navy establishments to offer courses/training sessions to the in-service Agniveers in domain areas such as disaster management, fire safety, waste management, arboriculture, etc. Apart from enriching the knowledge and skill sets of Agniveers, these courses and certifications from Andhra University will help them find employment if they are relieved after four years of service. A formal agreement is likely to be made soon on this.

Speaking to ToI, Andhra University Vice-Chancellor Prof PVGD Prasad Reddy said that the proposal will further strengthen the ties between the Andhra University and the Armed Forces. "This is in fact a major achievement for the university as it is the only institution in the country to receive such a proposal from the defence forces. Andhra University is extending all its cooperation to propel academic and research advancement of Indian defence forces intended to build a developed nation. The university already signed nearly 30 memoranda of understanding (MoUs) with Indian Air Force, Army, Navy, Coast Guard, Directorate General Resettlement, Kendriya Sainik Board, Rajya Sainik Boards, etc. for both academic and research collaborations," said Prof Reddy.

Adjunct Professor of Defence Studies, Andhra University, Dr Ujjwal Kumar Ghatak said that the training programme for the Agniveers may last for about six months. "This initiative does not only help hone the skills and improve the academic credentials of Agniveers, but also help them resettle after their relieving. Andhra University will offer diploma and advanced diploma certifications to those, who will successfully complete these programmes. As many as 35 batches of pre-release course programmes were already conducted in Andhra University campus till date. About 2,000 uniformed personnel have pursued various courses such as fire and industrial safety engineering, cyber security, marine engineering, marine electricals and navigation systems, yoga instructor course, disaster management, etc.," said Dr Ghatak.

The Vice-Chancellor added that Andhra University has given PhD admission to 38 Air Force, Navy, and Army officers in research areas like strategic studies, military psychology, defence technology, international relations, strategic management, etc. "These flag and senior officers, who are pursuing their research at AU, are holding ranks such as air marshal, Air Vice Marshall, Air Commodore, Rear Admiral, Group Captain, Colonel, Captain, etc. in the different wings of Indian Armed Forces," said Prof Reddy.

# Strength

- This is one of the first Universities in India with a legacy of excellence
- Strong commitment for multidisciplinary modal.
- AU has nearly 425 acre walled campus in the heart of Visakhapatnam, the city of destiny, and also hosting two major institutes namely IIM Vizag and Indian Institute of Petroleum & Energy (IPE) on its campus for over 9 years.
- State-of-the-art research and teaching infrastructure.
- The University has international students from 54 countries.
- AU has sixteen (16) Industry endowed/sponsored chairs. AU is a safe and secure campus for everyone with rich bio diversity.

## Weakness

- Being a 97-year-old university, ageing structure of AU, require heavy maintenance.
- Despite being located by the side of sea coast, there is a missing push on full utilization of maritime resources to cater to areas related to marine litter management, coastal disaster management.
- More truly Interdisciplinary programs to be designed
- Teachers' contribution to programs like NPTEL and SWAYAM is low despite efforts

# Opportunities

- AP Government is all set to transform Visakhapatnam into a knowledge economy zone.
- There is a substantial scope for interactive research in collaboration with other national institutions and public sector industries capitalizing the location advantage.
- Scope for launching many online courses, ODL programs.
- Opportunity to reach Tribal Habitats and Promotion of rural women entrepreneurship to empower Tribal women folk in tribal areas like Araku, Paderu.

# Challenges

- AU has a large student base and transforming to blended mode with any time anywhere kind necessitates creation of huge digital infrastructure.
- Attracting international faculty due to stringent regulations,
- Inability to compete with the promotional and branding strategies of private Universities.
- Students shift in priority, more towards professional and technical courses.
- Delayed admissions of students into PG courses due to common entrance cum admissions in recent times hamper calendar of academic activities.
- Stakeholders/Governments shift in perception and focus on annual numerical achievement vs. overall qualitative judgement

# Upcoming Institutional Priorities

- ✓ Shatabdi Mahotsav
- ✓ Introduction of 1 year PG Programs
- ✓ Implementation of NEP 2020-OBE Curricular Reforms-Sharpening
- ✓ Furtherance of Incorporating Indian Knowledge Systems-Rich Indian Traditions
- ✓ Tie ups with International HEIs, towards faculty Exchange
- ✓ More Joint Partnership with Regional Clusters
- ✓ Towards self sustenance through Consultancies in many departments.

**Every Challenge into an Opportunity**
