Andhra University

Andhra University was constituted in the year 1926. The 95-year-old institution is fortunate to have Sir C.R. Reddy as its founder Vice-Chancellor, as the steps taken by this visionary proved to be fruitful in the long run. Former President of India Dr. Sarvepalli Radha Krishnan was one of its Vice-Chancellors. Keeping in pace with the global needs and challenges under the leadership and guidance of successive Vice-chancellors, the University is offering several new courses of relevance and Contemporary significance. The University Presently is Offering 313 Courses in Arts, Commerce, Management, Science & Technology, Engineering, Law, Pharmacy and Education.

The University has well experienced and export faculty known world-wide for their research contributions. The alumni of the University occupy important positions in government administration, Industry and research organizations within and out-side the country.

About AUCE(A)

Andhra University College of Engineering (A) grew from strength to strength and at present it consists of 12 Engineering and 4 Basic Sciences departments, totaling to 16 departments, offering 18 Under-Graduate Engineering day-time programmes and 4 UG Engineering part-time programmes; 28 Post-Graduate Engineering programmes, 1 MCA and 3 M.Sc. programmes. All the departments are offering Ph.D. programmes in different fields of research.

FDP Objectives

The FDP on “capacity building” aims to bring together Students, Engineers, Researchers and Scientists to a single platform. This program provides strong leadership, value base and holistic approach towards multidisciplinary for the participants and to share their knowledge which results about all aspects of the topic in strengthening knowledge, expertise, long-term strategies, Networking, problem-solving skills and research ability and collaboration works. It also provides a prominent solution for researchers and educators to excel themselves in teaching and research aspects.

Topics to be Covered

This program consists of rigorous sessions which aim at the following outcomes

- Effective Teaching Strategies
- Value-based Education
- Develop and Institutionalize Innovative Practices
- Higher Order Thinking
