| | | |
|---|---|---|
| 2. Measures taken to complete the syllabus of courses and programs. | For 2019-2020 academic year, only two months (i.e march 2020 and April 2020 ) were affected due to COVID 19. Andhra University has entered into the lockdown mode following the announcement by the Government of Andhra Pradesh and Government of India to help slow spread of Corona virus. Education and precaution are the strongest tools against the infection. Teaching has continued, by the direction of the Honorable Vice-Chancellor, Prof. P.V.G.D. Prasad Reddy- in a different way, to keep up with the course work for the current academic year. Most professors at AU have switched to conducting online courses. Training programmes for equipping themselves for online teaching was provided to all the teachers of the campus maintaining social distance and all the precautions. The training was conducted inhouse by AU Computer centre and its team. One of the most important decisions was to choose a suitable online teaching tool which is quick, uninterrupted and comprehensive and allows an interactive virtual classroom experience for the students. The tools of choice were Zoom and IMPARTUS - online education tool developers. IMPARTUS is an Indian startup founded by a passionate group of IIT and IIM alumni to develop video-based learning platform that enables institutions to capture, edit, and distribute content using cutting-edge and innovative technologies. With these apps, it is possible to simulate the experience of classroom teaching. Each online session can accommodate more than 100 students at any given time. Using IMPARTUS/ZOOM/ Google Classrooms, teacher can deliver lecture using his/her personal computer and the students can virtually attend the lecture using their personal computers/smart phones. IMPARTUS/ZOOM also provides an option to record lectures which can be viewed later. IMPARTUS has extended its services to AU free of cost until 30th April 2020 , as their contribution towards corporate social responsibility during the national crisis. AU Computer Centre has trained all its campus teachers in Google classrooms and hence there were no issues in completing the theory syllabus. Only 25%of laboratory classes were hampered | |
